

TestCase

```
graph BT; A[pump_test.StripMetaCommentsTest] --> B[TestCase]
```

A UML class diagram showing an inheritance relationship. The class 'pump\_test.StripMetaCommentsTest' is shown in a box at the bottom, and the class 'TestCase' is shown in a box at the top. A vertical arrow points from the bottom box to the top box, indicating that 'pump\_test.StripMetaCommentsTest' inherits from 'TestCase'.
